PRELIMINARY AMENDMENT

Please amend the claims as follows:

Cancel claim 1 and add the following new claims:

2. A teleconferencing system for conducting a teleconference among a plurality of participants comprising:

- Sub
C1
A1
- (a) a plurality of workstations each having
a monitor for displaying visual images, and
AV capture and reproduction capabilities for capturing and reproducing video images and
spoken audio of the participants;
 - (b) a first network providing a data path along which data can be shared among a plurality of
the workstations;
 - (c) a data conference manager for managing a data conference, during which data can be
shared among a plurality of the participants and displayed on the monitors of their respective
workstations, by utilizing a data network operating system and data network protocol of the first
network;
